Some nice things clients have said...

I have worked with Harvey Design for over 10 years and have always been delighted with the standard of work produced. Kevin has a brilliant understanding of design and a knack of knowing just what's required. Even if I'm looking for something a bit different he always delivers and always offers more than one choice. The service provided is excellent, affordable and even when a very quick turnaround is required in design or printing Kevin & Rhonda make it happen.

I can't recommend Harvey Design enough.

Atrium and Harvey Design Services have worked together since 2000, on everything from logo design and letterheads to newsletters and annual reports. It actually feels like they are our own in-house design team. Kevin and Rhonda continually impress us with their creativity, flexibility and efficiency. They have never missed a deadline and we always receive a top quality product.

*Stephen Black

Harvey Design ticked all the boxes; professional, helpful, responsive & keenly priced. They came up trumps every time & delivered exactly what was needed.

*Jules Heckman Hughes

I have worked with Rhonda and Kevin on several occasions. They have always responded in the same quick, friendly and adaptable manner - understanding the brief, putting together fantastic, creative solutions and securing fabulous printing rates for all forms of materials from leaflets to pull ups and signs. They have also designed several cost-effective, creative and easy to navigate web sites.

I wouldn't hesitate to recommend their services - whatever your aims and objectives they will deliver something to suit within budget and the timescales required. A dynamic duo!
